

As a **Mechanics in forming technology (m/f/d)**
you will machine parts for the aviation sector according to production orders.

Your tasks include:

- Carrying out assembly work
- Grinding, deburring and cleaning of components
- Packaging of components
- Carrying out inspection and documentation activities

We are looking for a committed personality with the following profile:

- Industrial or aircraft mechanic with several years of professional experience or comparable training
- Ideally experience with the handling of aviation parts
- High quality awareness
- Ability to read technical drawings
- Good knowledge of German
- Reliable, independent and structured working style
- Willingness to work shifts

Your benefits at Binder:

We offer a challenging and varied position in an innovative company with flat hierarchies. You will work in a motivated and professional team and have long-term prospects for professional and personal development. We offer you a performance-related salary as well as other benefits such as a company pension scheme, bicycle leasing and an in-house canteen.

Exactly yours? Apply now, stating your starting date and salary expectations!
